Fourth Annual Classic Wooden Sailboat Rendezvous & Race

21 & 22 September 2013
NSHOF Docks - Annapolis, MD
A CTSA and NSHOF Sailing Event

Sails flaked and ready to race!

Calling All Classic Wooden Boat Owners Large and Small!

There is still time to register for the Fourth Annual Classic Wooden Sailboat Rendezvous & Race -- we are going to fill Annapolis Harbor with classic wooden sailboats! We're looking to increase the number of boats participating to at least 22. (*Last year 17 boats competed in this very laid-back and extremely fun race*).

JOIN US!...

FOR THE FOURTH ANNUAL CLASSIC WOODEN SAILBOAT RENDEZVOUS & RACE

The Classic "R&R" has hosted boats from 8 to 60 feet in length, and is open to any wooden-hulled boat in that range designed before 1970 (even a newer wooden boat from an old design is eligible).

Wooden sailboats, including: Penguins, Thistles, Jet 14s, Stars, Lightnings, Beetle Cats, Windmills, Chesapeake 20s, Scow, Hamptons, Moths, Snipes, Comets, even wooden dories and prams like Optis, El Toros and Sneakboxes can all join in and sail alongside classic yachts, including the sandbaggers BULL and BEAR and larger classic yachts like WINDALIER and ELF.

A pursuit start and a Portsmouth Yardstick handicapping system modified for classic boats will keep everything even, so your wooden Opti has a chance of winning!

We Need Your Help!

Dawn Miller has graciously volunteered to run the race on Sunday, but is in need of additional assistance.

No experience is necessary-just your willingness to help and have fun!

Your time will be needed between 10:30 and 4:30 at Trident Point (Naval Academy).

Contact Dawn at:
dawnpaulmiller@comcast.net if you can help!

Thanks in advance for your consideration!

Old Salt Race Results

HONALEE, HORNPIPE and LACERTA braved the shifting winds to participate in this year's OSR.

The wind varied from 2 to 7 knots and came out of the west, then the south, the east, then west, then north and finally died.

But it didn't die before HONALEE and LACERTA crossed the finish line! The two boats rate the same, so HONALEE won.

I am looking forward to how HONALEE goes against LACERTA in a breeze. When we were beating in light air, HONALEE was clearly faster. Running in moderate breeze, LACERTA was quicker.

Maybe we'll get our chance this weekend at the CTSA/ NSHOF Rendezvous & Race?!

Cheers, Paul

A fun gathering of classic wooden sailboats to showcase their history and elegance and provide an informal opportunity to compete in a low-key race against similar vessels!

TRIVIA...*INSPIRED BY A RECENT TRIP TO OXFORD, ENGLAND*

Leisurely water transportation in Oxford England is commonly done on what type of boat?

These boats are still constructed in England today. What traditional materials are used for the "huffs" and for the "till"?

Traditionally what is used to measure the width between the planks before caulking?

Answer these 3 questions correctly, and Paul will buy you a British beer!

Cheers, Patty

All answers should be emailed to Paul Miller. Only one winner, only one beer, so hurry!

(Remaining) 2013 CTSA Schedule of Events
